PROJECTS

PC Builder System

Demo, Associated with Bhavans College

Apr 2021 – Apr 2022

- PC Builder is an easy-to-use, online computer builder. Users can use our intelligent building wizard to design the ultimate custom gaming rig. We offer everything you need for a custom-built desktop computer including cases, power supplies, motherboards, and processors.
- Worked on this project using HTML, CSS, and JavaScript which manages the frontend and responsiveness part of the website, and also used PHP with the MYSQL database which stores all the products details.

INTERESTS

Skating (National level skater and also represented India in Skating(U19) at the international level and won 3 medals (1 gold and 2 silvers))
